

SYEFDI FASMAWI SYA'BAN

JUNIOR QA TESTER

South Jakarta | +62 821-2343-9121 | syefdifasmawi@gmail.com | github.com/Syefdi

SUMMARY

A detail-oriented Junior QA Tester with hands-on experience testing enterprise web systems and contributing to software build processes. Currently working at CV Gemilang Inti Teknologi while pursuing a Bachelor's degree in Informatics Engineering at Universitas Pamulang (Saturday class). Available full time Monday to Friday.

PROFESSIONAL EXPERIENCE

Junior QA Tester, CV Gemilang Inti Teknologi	May 2025 - Present
- Tested two enterprise web systems (ERM and CRM) across revamp and legacy production versions, running functional and regression tests on each build - Wrote bug reports with steps to reproduce, environment details, and screenshots to minimize back-and-forth with developers - Worked alongside the dev team during deployment, helping catch issues before reaching production - Fixed small issues directly on the live CRM system outside of regular testing responsibilities - Contributed to building a Document Management System from early stages, on both QA and development sides - Involved in early development and functional testing of an HRIS attendance application	

PROJECTS

ERM System (Enterprise Resource Management)
QA testing across revamp and legacy production versions
CRM System (Customer Relationship Management)
QA testing, minor fixes, and build contribution
Document Management System
Contributed to build process and early development
HRIS Attendance System
development and functional testing

SKILLS

Testing: Functional Testing, Regression Testing, Smoke Testing, Cross-browser Testing, Bug Reporting, Test Case Documentation, Bug Lifecycle Management, SDLC
Tools: Git, GitHub, VS Code, Cursor, Browser DevTools, Trello, Notion, Google Workspace
